

Special Event for HR Professionals

DHRM State Employee Workers' Compensation Services

An Afternoon With Richard Pimentel

DHRM State Employee Workers' Compensation Services (formerly Office of Workers' Compensation) is pleased to announce a 2-hour presentation by Richard Pimentel, a nationally renowned speaker and trainer on attitude change, disability management, diversity, rehabilitation, workers' compensation, job development and job retention. This is an exclusive presentation for Commonwealth of Virginia Human Resource professionals.

Richard will spend an hour exploring the importance of return-to-work programs, treating injured workers with compassion, communication with injured workers and physicians, and dealing with challenging return-to-work situations.

The second hour will be an opportunity to "Ask the Expert." Submit your return-to-work questions in advance by email or fax to Michelle Allen, WC Disability Manager (michelle.allen@dhrm.virginia.gov or 804-786-8840.) An "Ask It Basket" will be available at the event for last minute questions.

Register on-line: www.dhrm.virginia.gov

Space is limited—register early!
